Design From the Heart. The Arboretum of South Barrington:

The Arboretum of South Barrington is an upscale outdoor shopping center, featuring a collection of some of the best stores in the Chicagoland area. The entire experience, whether you are shopping or just having dinner and drinks, is filled with an air of sophistication and class. It feels more like its own little down town, then a shopping center. So when we were approached to work with The Arboretum, to say we were excited would be an understatement. [\(MORE\)](#)

Event postcard front and back

“When the Arboretum of South Barrington opened in 2008 we were working with several different designers to produce our print and on-line materials. All of the designers were talented and competent but none of them captured the brand ‘cohesive’ look we desired. I began to shop out designers and to look at the work produced for other companies that impressed me. I consistently came back to the design pieces that Ten26 Design created for Anna Shea Chocolates & Lounge. I met with Kelly and knew instantly by looking at her portfolio and their famous Ten26 calendar that she was the ideal designer.

Kelly was initially hired to re-brand the image for the UNCORKED winetasting series, which is probably the cornerstone for all of the events that we produce at The Arboretum. Her designs have almost singlehandedly branded this event to the public and have contributed to its ability to sell out time after time. We are so proud of the designs that Kelly creates for UNCORKED that we recently entered them into a national retail event contest, and are proud to say, we are currently one of the 5 finalists. Her latest design for UNCORKED “From The Heart” is quite possibly the most beautiful one yet. I frame each of her event posters in my office and consider them works of art.

Kelly consistently produces gorgeous designs in a professional and timely manner. One of the best things I have ever done in my tenure as marketing consultant for the Arboretum of South Barrington was bringing Ten26 Design on the team.”

Brand Marketing Consultant for the Arboretum of South Barrington

Building a Strong Design. J.P.Wendt Construction Management

When J.P. Wendt came to us, they were not sure what they were looking for. They knew they wanted something easily identifiable and timeless that would separate them from the competition. We created a logo and brand image full of style and sophistication. Each piece reflects the high end quality and level of detail that goes into everything they do. The end result was a huge success.

“Ten26 Design has played an integral part in the startup of my small business. From the initial identity interview to the proof review process, Tony was there to help me understand the branding process and realize underlying qualities to bring my brand to life.

As a General Contractor, it is very important to me that people see quality craftsmanship in everything I do. The team at Ten26 Design understood this and applied it to my identity. Tony was able to take aspects of the construction industry, add them to my brand identity and create something very strong & unique.”

A Healthy Design Decision. Vanderbilt Family Chiropractic

Vanderbilt Family Chiropractic is the only place we trust to take our family to, so when they asked us to help them grow their business and reach more potential patients, it was easy since we already believed in their outstanding service.

“We have enjoyed working with Ten26 design for our marketing needs. They get the job done right the first time! They are able to listen to our needs and put several ideas together to save us time. They also helped us to design our website so that it would look appealing and give our potential patients more insight on our office. The product and service they deliver is a step above the rest.”
