### There's a New Way to Help Kids in Need. Hope to Give:

When Kelly and I started Ten26 Design Group, we didn't know it then, but it would open the door to working with a great people and a number of charitable organizations. Over that time, it has made us realize how blessed we truly are, and that we have a responsibility and a desire to give back to the community, to help those that can't help themselves. That's why we created Hope to Give, a new non-for-profit organization dedicated to helping children in need. [\(MORE\)](#)

Hope To Give logo

Hope to Give was founded as a way to give back to the community. A way to help children and their families living with extraordinary life challenges. A way to raise money for those hospitals or organizations that do what they can to improve the lives of children and their families, so that they can focus on what is important, the well being, treatment and recovery of children in need.

Our mission is simple, to raise money for children, families of children and organizations specifically created to help children living with life altering medical conditions. Whether it is autism, cancer, hunger, or any number of the other hurdles life throws out there, our goal is to bring hope, money, and support to those that need it most through various fundraising activities and events.

The first event under the Hope to Give name will be this years golf outing at Stonewall Orchard Golf Club, on June 28th. We will be raising money for Children's Memorial Hospital.

## Building a Strong Design. PMG Wealth Management

When PMG Wealth Management hired us they had an idea what they were looking for. They needed a look that was original and would stand out. It needed to be bold, yet professional, strong and secure. The design we created is a modern take on the Phoenix, soaring skyward symbolizing the rise and success of your finances. The design has been a huge success and will be featured in the next LogoLounge Book titled “Master Library Series: Animals and Mythology”.

“The Ten26 Design team continues to amaze me with how they take my simple ideas and turn them into something fantastic. They know what I want better than I do while making it look great.

First, they designed my company logo and it was exactly what I was looking for. I love it and apparently the graphic design community did too since it won a design award. Our most recent task was to re-vamp our monthly newsletter, and yet again it's a huge success with great feedback from clients. I am very happy to be a client of Tony, Kelly, and Ten26 Design Group.”
